

Foster Parent Forum Survey

The 3rd Annual Foster Parent Forum is fast approaching. This forum is for you and we want your input into the topics/activities of the day . This survey is your opportunity to provide your questions, concerns and information needs prior to the forum so that the discussion can be geared around what you want to know.

In order to incorporate as many of the survey responses as possible, please have your survey returned by April 12th, 2010. You can e-mail it to Cassandra at mclurec@comserv.bc.ca, drop it off at her office or mail it to her in the self addressed stamped envelope. You may also drop it off at the Ministry office care of Wanda Smith, who will then ensure that Cassandra gets it. You have the option of remaining anonymous, as no identifying information is required, or you can choose to identify yourself so we can contact you if we have any questions about your response.

1. What topics/information would you like to have a conversation about at the Foster Parent forum?

2. Would you be interested in doing some group work on Integrated Care Team?

3. Would you be interested in doing group brainstorming on over -coming the barriers to attending training?

4. If you are not attending the Foster Parent Forum can you tell us why? This will help with future planning of the Forums and other events.
